

Paralympics

At the Paralympics, on Wednesday 22nd November at Theale Green Secondary School, we took part in four different events that Paralympian's do.

The events were: Kurling, which is where you have to push a disc to a score board and try to get the highest score; Archery, where you shoot an arrow at a score board; Seated volleyball, which is volleyball but on your knees; Boccia, which is where you had to roll a ball and try to get the closest to the white ball.

The people who took part were Aimee, Paris, Joe, William, Tilly and Olivia. There were eight other schools there, including Calcot, Beedon, Springfield, Woolford, Yattendon and Spurcroft. We were split up into groups of three; we were with year five and six from Calcot (they were different teams).

The first event that we did was kurling, then archery, then seated volleyball, and last but not least, boccia. Joe and Olivia scored us many points in the archery, and William and Tilly were great at seated volleyball, as well as Paris at Kurling and Aimee at Boccia. As we were in groups, Calcot Year 6 came first, we came second, and Calcot Year 5 came third in our group though. Therefore, everyone got a medal! We would like to say thank you to Mrs Goodwin, for organising it and driving some of us there; everyone at Theale Green school, for helping us; Mrs Alderman and Mrs Jones for driving the rest of us there and the parents, for the support.

Overall, it was a lot of fun.
