

Netball competition

On the 9th October, a group of eight pupils went to Bradfield College to play in a netball tournament.

The people who played were: Freddy, Ellie-May, Ellie, Trixie, Jameson, Ruby, Emily and Annabelle. We played against seven schools and beat all of them!

It was noticeable how the girls who hadn't played competitive netball before, increased in both skills and confidence as the day progressed.

Well done to everyone who demonstrated some good teamwork and netballing skills.
